

CT Day Spa Steambath System

Perfect for Day Spas and Light Commercial Applications

eTEMPO/PLUS® CONTROL

AUTOFLUSH®

AROMASTEAM™

Mr.Steam® pioneered the CT Day Spa Series of light commercial steamroom products. Now, Mr.Steam CT Club Therapy® Day Spa Steambath Systems provide space-conscious spa facilities with high performance, low maintenance steamroom solutions. Constructed of 100% recyclable stainless steel inside and out, Mr.Steam CT Day Spa steam generators combine safety and aesthetics with reliability.

Diagram is for illustrative purposes only.

Compactly designed for functionality and durability, CT generators are easily installed in most service closets, storage areas, or similar dry, heated locations. The CT Day Spa Series comes complete with Mr.Steam's advanced digital eTempo/Plus® controls, allowing the owner/operator to control and customize each user's steam bathing experience, and an CT Steam Stop™ control inside the room for the user to further control their session. The system includes an AromaSteam™ steamhead, Express Steam— and the AutoFlush® system.

Selecting the Right CT Day Spa Generator:

CT SIZING CHART

- 1 Measure length, width & height in feet of the steam enclosure:

Multiply the
Length ____ x Width ____ x Height ____

ROOM VOLUME =

- 2 Adjustments to Room Volume:

For natural stones: Add 100%
natural marble, stone,
shale, glass block or concrete

For ceramic or porcelain Add 30%
tile on cement board or
mortar bed

For each exterior wall Add 15% for
or extra glass panel
each wall or panel

For each foot exceeding Add 15%
8ft. in height per foot

- 3 Add all figures above to obtain the Total Room Volume required

TOTAL VOLUME

Compare your TOTAL ADJUSTED ROOM VOLUME to the Specification Chart on page 20 and select the appropriate model.

Visit mrsteam.com to electronically size your generator

Mr.Steam makes it easy to determine which commercial system is right for your location.

Choose a CT Day Spa Steam System if the steam room...

- Steam room will be in operation less than 6 hours a day
- Steam room is designed to accommodate up to 2 people at a time
- Steam room does not exceed 575 cu. ft.

IMPORTANT:

- The guidelines for selecting the steambath generator are a recommendation only. Not for multiple steam room applications.
- For steam rooms constructed of acrylic or synthetic materials, select next lower-rated CT model.
- The Total Volume allows for up to 60 feet of insulated steam line from the MS generator to the steam room. If the 60 feet line length is exceeded consult with factory.
- For instructions on installing, operating & maintaining the steam generator unit, accessories and aroma oils, refer to the Mr.Steam CT Day Spa Installation, Operation & Maintenance Manual PN 100426. Visit mrsteam.com to download this Manual or call for a copy.
